Sales information

Positioning

- Turns the high-pressure washer into a light-duty water pump

User benefit

- Siphon action creates a suction to pick up water and move it away
- Achieves a minimum suction flow of 50 l/min
- Ideal for emptying rainwater and removing floodwater
- Can be quickly and easily connected to the end of the lance
- Compatible with EasyAquatak 100LL/110/120, UniversalAquatak, AdvancedAquatak, AQT 33-10, AQT 33-11, AQT 35-12, AQT 37-13, AQT 40-13, AQT 42-13, AQT 45-14 X
