Description

Long version part 1 (BE)

The revolutionary Bosch Go cordless screwdriver is intuitive and easy-to-use for screws in wood, metal, and plastic. Simply push the tool or press the button to begin – dual-activation mode ensures the right start for every situation. Its precise mechanical clutch has five settings for fine adjustments plus a maximum performance mode. Controlling the Bosch Go is easy – the tool stops automatically immediately after deactivation thanks to its electronic brake. It is compatible with standard USB chargers.

Long version part 2 (BE)

Bosch GO is intended for screwdriving in wood, metal and plastic as well as working on filigree applications such as motherboards or electrical cabinets. It is compatible with all standard USB chargers.

Tool dimensions (width)	40 mm
Tool dimensions (length)	190 mm
