Technical data

Description

Long version part 1 (BE)

The GST 150 BCE Professional is a corded, robust jigsaw for tough applications. Its bow handle with variable speed trigger makes the tool easy to manoeuvre, resulting in smooth handling during operation. The jigsaw's bend-resistant sole plate is extremely robust, delivering high performance in even the toughest jobs. Its reliable 780 W motor and constant speed deliver cuts also in the hardest materials such as thick beams. This tool is intended for curved cutting in solid wood, chipboard, and wood composites. It is compatible with the Bosch Click & Clean System as well as with other Bosch vacuum cleaners.

Long version part 2 (BE)

The GST 150 BCE Professional can also make beveled cuts and features a blower, orbital action, toolfree SDS saw blade changes, and speed selection.

Noise level

The A-rated noise level of the power tool is typically as follows: Sound pressure level 83 dB(A); Sound power level 94 dB(A). Uncertainty K= 5 dB.

Cutting depth in steel

10 mm

Technical data

Rated input power	780 W
Stroke rate at no load	500 – 3,100 spm
Weight	2,7 kg
Cable length	4 m
Tool dimensions (width)	79 mm
Tool dimensions (length)	316 mm
Tool dimensions (height)	214 mm

Cutting depth

Cutting depth in wood	150 mm
Cutting depth in aluminium	20 mm
Cutting depth in non-alloyed steel	10 mm

Noise/vibration information

Sound pressure level	83 dB(A)
Sound power level	94 dB(A)
Uncertainty K	5 dB

Sales information

Positioning

- The most powerful tool in its price class

User benefit

- High power reserves, even in hard and thick beams, due to powerful and overload-capable 780-watt motor
- Extremely robust and bend-resistant sole plate for the toughest jobs
- High cutting precision due to new saw blade clamping system
