3 x cable clip available separately as set of 3: spare part number 1 619 PB6 088	✓
Carrying case	✓

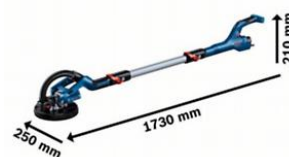

Technical data

Description

Long version part 1 (BE)

Made for efficient drywall sanding, the GTR 550 Professional is the dependable partner for construction finish workers taking on challenging jobs. The drywall sander has a patented 'UltraFlexible Head' that allows effortless movement along ceilings and walls, with significantly reduced risk of surface damage. With ceiling suction feature, the tool weight is partially sucked onto the ceiling, therefore, ceiling sanding becomes more pleasant. This electric drywall sander comes with an ergonomically L-shaped handle for additional comfort and maximum convenience in any working position.

Long version part 2 (BE)

For painters, drywallers, and interior professionals carrying out extensive sanding jobs on walls and ceilings or preparing surfaces for filling and plastering.

Sanding sheet type

Normal paper

Technical data

Tool dimensions (height)	210 mm

Tool dimensions (width)	250 mm
Tool dimensions (length)	1730 mm
Weight	4.8 kg
Backing pad hardness	Soft
Sanding pad type	One pad + intermediate pad
No-load speed	340 - 910 rpm
Sanding sheet diameter	225 mm

Noise/vibration information

Sound pressure level	84 dB(A)
Sound power level	95 dB(A)
Uncertainty K	3 dB

Sales information

Positioning

- Bosch's new drywall sander for effortless sanding in all directions

User benefit

- 'UltraFlexible Head' for effortless sliding along ceilings and walls, and reduced surface damage
- Ceiling suction feature ensures high comfort and lighter perceived tool weight
- Ergonomic L-handle reduces stretch strain during sanding
- The innovative segment pole design with fast-change lock provides length flexibility and quick adaptation
- Constant speed maintains high removal rate and fast surface finish
- Powerful and durable motor delivers high sanding speeds in challenging conditions and extended motor life
- Quick-release segment brush allows sanding up to the wall, reducing surface preparation time and the need for manual sanding
- Optimised airflow for dust-free sanding* and extended tool lifetime (*using Bosch GAS 35L AFC)
