

# 0 601 9J4 002 – GWS 18V-10

Material number	0 601 9J4 002
EAN	3165140994903
Backing flange spare part number 2 605 703 014	✓
Cardboard box	✓
Protective guard 1 605 510 365	✓
Quick-locking nut 2 608 000 684	✓

## Technical data

## Description

Long version part 1 (BE)

High performance – the powerful GWS 18V-10 Professional small angle grinder is the right choice for increased tool control and safe operation on any worksite when cutting steel rebar, copper pipes, metal plates, welding spots, and metal structures. With 66% more power than previous models, this grinder's new 1,000 W brushless motor requires less maintenance and has a longer lifetime, delivering that extra push needed to get the job done. Part of the Bosch 18V system, this tool uses ProCORE18V = 8.0 Ah batteries to deliver maximum power, 30% longer runtimes. Experience the next level in safety with features like Drop Control, Fast Brake and KickBack Control for reliability on even the toughest jobs.

Long version part 2 (BE)

66% more power and 30% longer runtime on cutting and grinding than GWS 18V-LI thanks to the new brushless motor and ProCORE18V batteries performance optimization which helps deliver 1000W equivalent power. The electric protection features such as fast brake, kickback, restart protection, and Bosch unique drop control ensure the next level of safety awareness and tool control.

Tool dimensions (width)	358 mm
Tool dimensions (length)	150 mm
Tool dimensions (height)	110 mm
Battery voltage	18.0 V
Grinding spindle thread	M14
Grinding/cutting disc, diameter	125 mm
Noise level	The A-rated noise level of the power tool is typically as follows: Sound pressure level 78.5 dB(A); Sound power level 89.5 dB(A). Uncertainty K= 3 dB.

## Technical data

No-load speed	9,000 rpm
Weight excl. battery	2.1 kg

## Noise/vibration information

Sound pressure level	78.5 dB(A)
Sound power level	89.5 dB(A)
Uncertainty K	3 dB

## Sales information

---

### Positioning

- Heavy duty cordless small angle grinder.

### User benefit

- The next level of power & run time - new brushless motor and ProCORE18V batteries
- Premium user protection - Drop Control, Fast Brake and KickBack Control
- Premium tool control - keyless protective cover, keyless clamping nut (M14 only), slimmer grip design
- New friendly switch button design
